To whom it may concern;

I would highly recommend Steve DeSorbo and Coordinated Benefits Group for your HR Benefits needs. I switched to Coordinated Benefits two years ago and have been very pleased. Steve promised a lot and has delivered on his promises.

My employees are very pleased with their insurance and complement the company on the great benefits we provide. As a busy owner, I don't have time to spend on working with benefit details. Since switching, I have had to do very little in regards to benefits and can focus on the business.

Coordinated Benefits also provides me great HR advice when I need and it is free of charge.

Lastly, for the first time ever, the premium cost went down 8% on the very first renewal.

Keep up the good work Steve.
